

# Oil Eater

## Non-Solvent Cleaner/Degreaser/Deodorizer WATER SOLUBLE ALL PURPOSE CLEANER

### REMOVES DIRT, INK, GREASE & OIL FROM ANY HARD SURFACE

This is a new and revolutionary product that contains no butyl or hazardous solvents. Its superior efficiency threatens to replace every heavy duty degreaser and cleaner (EVEN BUTYLS) on the market today. Designed for tough jobs it instantly dissolves greasy, oily soils and holds them in suspension MORE effectively than competitive formulations. This product contains no solvents making this a safer cleaner/degreaser/oil emulsifier ideal product for use with automatic scrubbers and pressure washers. May also be used with conventional mop and bucket or spray applications.

Use anywhere oil and grease is a problem. Floors, Walls, Concrete, Engines, Tools, Crome, Machinery Desks Refrigerators, Tables, Plastic, Food Processing,

#### For Use On:

Equipment, Stainless Steel, Plastic, Vinyl Porcelain Dilute with water. May be sprayed with low or high pressure equipment or suitable hand sprayer. Steam, Mop, Brush, or Wipe on any water safe surface. Wipe off or rinse with clear water.

Use on vehicles through pressure washer for effective truck and bus wash. Use inside and out.

The above dilutions are flexible rather than specific. In many cases a more dilute solution can be used, while for extreme conditions a less dilute solution may be need.

#### General Dilutions

Light soil....as high 1 part cleaner to 100 parts water  
medium soil..... 1 part oil eater to 20 parts water  
Heavy soil..... 1 part oil eater to 5 to 20 parts water

#### Other Suggested Dilutions

FOR USE IN AUTOMATIC SCRUBBERS: Dilute 32 to 64 ounces of concentrate (depending on soil conditions) to each 10 gallons of water in the solution tank.

FOR USE IN PRESSURE WASHERS: Adjust spray nozzle to deliver 1 part concentrate to 30-60 parts water depending on soil conditions. Rinse thoroughly with clear water.

FOR STEAM CLEANING: Dilute 4-6 ounces of concentrate per gallon of water and adjust tank valve according to soil conditions. Rinse thoroughly with clear water.

MOP OR SPRAY CLEANING: Dilute 1-8 ounces of concentrate per gallon of water depending on soil conditions and apply to surface with mop or sprayer. Agitate and pick-up, wipe clean or rinse thoroughly with clear water.

FOR SOAK TANKS: Dilute 12 ounces of concentrate per gallon of water.

Rinse parts thoroughly with clear water.

Appearance and odor..... Pink / detergent  
Flash Point of Concentrate..... None  
pH 1% ..... 11.7 = \-.5  
Specific Gravity of Concentrate..... >1  
Surfactant system..... Present  
V.O.C. .... 0  
Packaging..... Standard sizes

**It is recommended that protective gloves and safety glasses be worn when using this and all cleaning products.**

**Refer to MSDS for further safety information.**

**Packaging: 4x1 gallons per case  
5 and 6 gallon pails  
30 & 55 gallon drums**
